6 until 7pm

At

The Planning & Zoning Commission is considering an amendment to the Future Land Use Map in the Town of Smyrna's Comprehensive Plan. The proposed amendment would include changes to the future annexation area. This would allow for certain property owners to request annexation into the town, if the parcel is contiguous to parcels currently within town limits.

The Public Workshop will be an open forum with displays and representatives of staff and the commission available to answer your questions.

Interested parties are invited to attend and comment.
